## Business News from The City of Frederick, Maryland

Fall 2025

# BUSINESS IN FREDERICK MARYLAND

Greetings!

This has been one of the most beautiful autumns across the mid-atlantic in recent memory, with blue skies, cool nights, warm days, and incredible color. It has also been memorable in terms of the winds of business activity for the community and this issue of Frederick Business eNews is chock full of those acorns – new business openings, event, and accolades.

Last month, Frederick based [3 Roads Communications](#), launched its highly acclaimed documentary InSpired on MPT and across the nation. According to Russ Hodge, CEO – the film has been scheduled for 64 broadcasts including on networks in South Carolina, Georgia and South Dakota. We are fortunate for all those who participated in the revitalization story over the decades and those who continue to join the story today.

Business leaders are consistently saying that workforce is the top business need for continued capital investment and job creation. DED collaborates with [FC Workforce Services](#), [FCPS](#), [FCC](#), [Hood College/MSM University](#), [UMD](#), [MD Department of Labor](#), and more to ensure that Frederick businesses have the talent pipeline to keep delivering great products, services, and jobs. DED and its partners helped host more than 500 FCPS students at Harry Grove Stadium for a Construction Trades Event to introduce students to skilled jobs in the construction industry.

Fredericktonians are foodies for sure and strongly support new restaurant concepts. [FCC's Hospitality, Culinary & Tourism Institute](#) recently hosted its Food Business Entrepreneurship Pitch Competition, highlighting the creativity and drive of emerging food entrepreneurs in our region. Check out the story in this issue to see the top new food concepts.

Kudos to DED's own business development specialist [Kennedi "KiKi" Wilson](#), who was chosen to be the emcee for the [2025 Annual Maryland Main Street Conference](#) in Easton. With hundreds of Mainstreet and economic development officials from across the state, Kennedi brought down the house with her wit, wisdom, and wonderful commentary. Hosted by Maryland Economic Development Association (MEDA) I was fortunate to help open the conference and welcome attendees. Frederick is a National Main Street Community and our partner – Downtown Frederick Partnership is the designated local MainStreet operator.

After two decades of service to the residents and businesses of Frederick as office manager for the DED, [Donna Goff](#) is retiring and is hoping for bagpipes as she exits City Hall. Donna has been involved in nearly every effort of the department, including budgeting, grant reporting, events, filming, scheduling, and so much more. She has been loyal, hard-working, and a friend to many here at city hall and across the city. Join me in wishing her much enjoyment of this next chapter of her life.

Veterans Day is next Tuesday. Please fly your flag, remember those who have sacrificed

much for our freedom, and thank the veterans in your life. My 100-year-old dad is a WWII Navy Veteran (Asheville, NC) and my mom was an Airforce nurse. My brother and I are both Army Veterans so service to country is important to my family and me. Allons.

Best,

Richard G. Griffin, AICP, CEcD  
Director, Economic Development
